CERTIFICATO

Nr. 50 100 10756 - Rev.002

Si attesta che / This is to certify that

IL SISTEMA QUALITÀ DI
THE QUALITY SYSTEM OF

BONOMINI S.r.l.

SEDE LEGALE E OPERATIVA:
REGISTERED OFFICE AND OPERATIONAL SITE:

**VIA FERRI 34/36/38
I-25010 BORGOSATOLLO (BS)**

SEDE OPERATIVA:
OPERATIONAL SITE:

**VIA RAFFAELE DE TROJA 72-76
I-25010 BORGOSATOLLO (BS)**

È CONFORME AI REQUISITI DELLA NORMA
HAS BEEN FOUND TO COMPLY WITH THE REQUIREMENTS OF
UNI EN ISO 9001:2015

QUESTO CERTIFICATO È VALIDO PER IL SEGUENTE CAMPO DI APPLICAZIONE
THIS CERTIFICATE IS VALID FOR THE FOLLOWING SCOPE

**Progettazione e fabbricazione di sistemi di scarico per acque reflue,
compresi: tubazioni flessibili, raccordi, sifoni, pilette e componenti
speciali (IAF 14, 17)**

**Design and manufacture of drainage systems, including: flexible
pipes, fittings, traps, wastes, and special components (IAF 14, 17)**

HOW TO READ THE LOGISTICAL INFORMATIONS:

Code	Description	¹ Carton	² Pallet	³ Volume
0590AB25K7	Chrome-plated ABS flange	12	504	0,057

1 CARTON: It is the quantity of one item per master carton

2 PALLET: It is the quantity of one item per pallet

3 VOLUME: It is the master carton's volume (to be used to calculate the total volume of the order)

SEVERELY IMPORTANT!

NOTICE TO THE CUSTOMERS:

-MOQ for ex-works orders is one (1) master carton.

-If an ordered quantity for an item is not a multiple of the MOQ and/or requires the operators to repack in a master carton different than the one stated in the catalogue, **the item's sale price will be charged of a further 5%.**

-When the quantity per master carton is not specified in the catalogue (example: N.A.) it means that the item can be ordered at any desired quantity without extra charges.

-Bonomini Srl reserves the right to change the afore mentioned specifications at any time.

MINIMUM ORDER : € 300,00

PICK-UP POINT ADDRESS:

Bonomini s.r.l.
Via Dott. Raffaele De Troya n.72
25010 Borgosatollo (Brescia) - Italia

CHROMIUM-PLATED

Insert the trap into its place, considering the alignment measure between the pipe and the wall outlet

Cut the exceeding part of the siphon if it corresponds to the measure X+, otherwise buy the special extension MINIM ALL if the measure corresponds to X

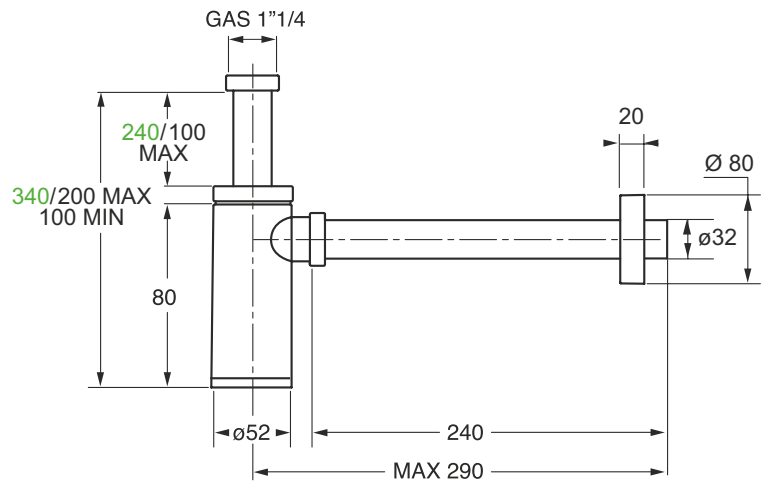

"MINIM-ALL" minimal bottle trap line for wash-basin. Waste connection 1"1/4, outlet pipe $\varnothing$ 32x250 mm

Application: For washbasin

Material: ABS + brass

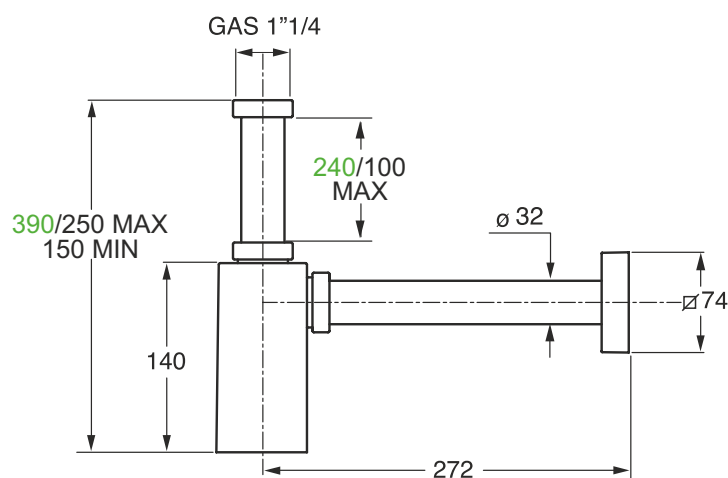

Color: Chromed plated

Code	Description	Carton	Pallet	Volume
05900T25K7 Professional	Chrome-plated brass flange	12	504	0,057
0590AB25K7	Chrome-plated ABS flange	12	504	0,057

"KING" minimal bottle trap line for wash basin.
Waste connection 1"1/4, outlet pipe $\varnothing$ 32x250 mm
Application: For washbasin
Material: ABS + brass
Color: Chromed plated

Code	Description	Carton	Pallet	Volume
0595PR25K7 Professional	Threaded nut to be connected with the waste in chrome-plated brass, connecting pipe 250 mm long	25	800	0,063
0595EC25K7	Three threaded nuts in chrome-plated ABS	25	800	0,063

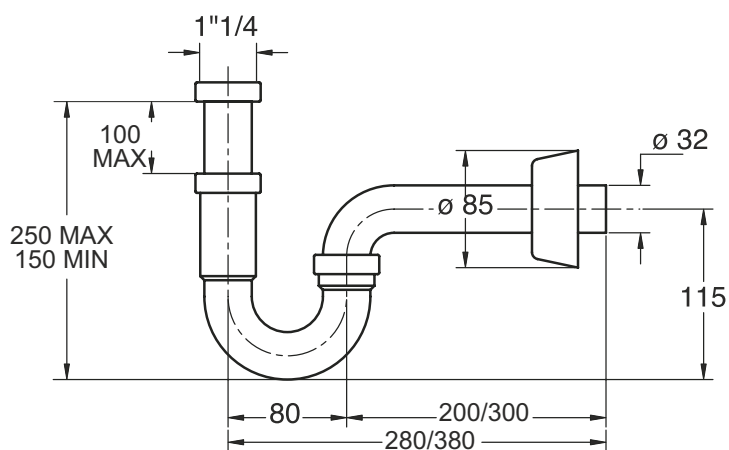

"PI-QUADRO" Square minimal design bodyWaste
connection 1"1/4, outlet pipe $\varnothing$ 32x250 mm

Application: For washbasin

Material: ABS + brass

Color: Chromed plated

Code	Description	Carton	Pallet	Volume
0510PR25K7 Professional	Threaded nut to be connected with the waste in chrome-plated brass, connecting pipe 250 mm long	25	800	0,063
0510OT25K7	Threaded nut to be connected with the waste in chrome-plated brass, connecting pipe 120 mm long	25	675	0,106

"TUBULAR" pipe odour trap for wash basin.

Three threaded nuts in chrome-plated ABS

Application: For washbasin

Material: ABS

Color: Chromed plated

Code	Description	Carton	Pallet	Volume
0220EC20K7	Waste connection 1"1/4, outlet pipe ø 32x200 mm	25	800	0,063
0220EC30K7	Waste connection 1"1/4, outlet pipe ø 32x300 mm	25	625	0,106

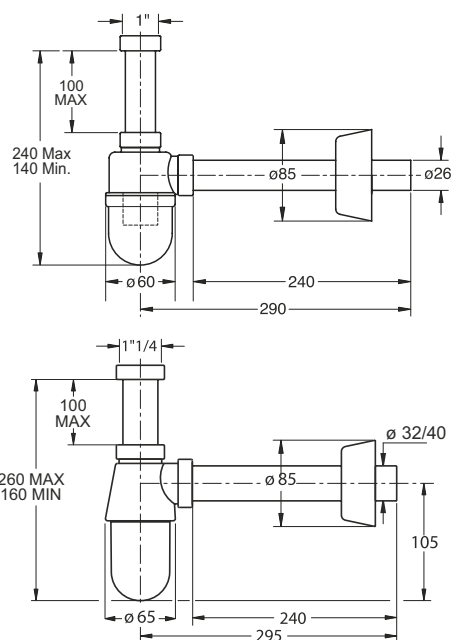

"THERMOTRAP" bottle trap for wash basin.

With cleanable cartridge

Application: For washbasin

Material: ABS+brass

Color: Chromed plated

Code	Description	Carton	Pallet	Volume
05600T25K7	Waste connection 1", outlet pipe ø 26x250 mm	25	800	0,063
0570EC25K7	Waste connection 1"1/4, outlet pipe ø 32x250 mm	25	800	0,063
05700T25K7	Waste connection 1"1/4, outlet pipe ø 32x250 mm	25	800	0,063
0570EC23K7	Waste connection 1"1/4, outlet pipe ø 40x250 mm	25	800	0,063

KING minimal bottle trap line for wash basin. Waste connection 1"1/4, outlet pipe $\varnothing$ 32x250 mm

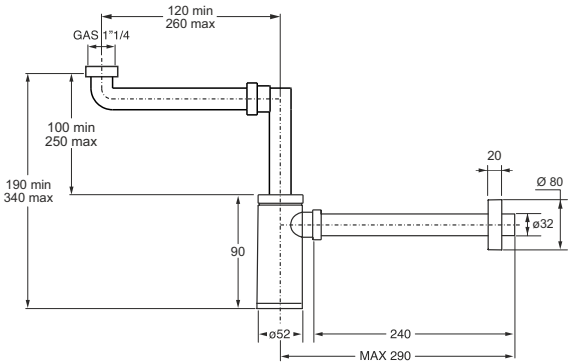

Application: For washbasin

Material: ABS

Color: Chromed plated

Code	Description	Carton	Pallet	Volume
0595SP25K7	Space-saver version	25	100	0,106

TUBULAR pipe odour trap for wash basin. Waste connection 1"1/4, outlet pipe $\varnothing$ 32x200 mm

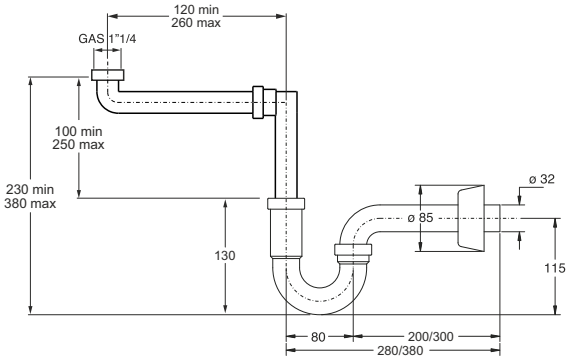

Application: For washbasin

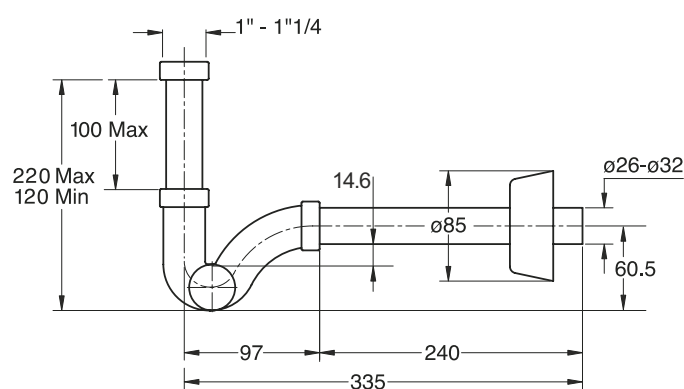

Material: ABS

Color: Chromed plated

Code	Description	Carton	Pallet	Volume
0220SP20K7	Space-saver version	25	100	0,106

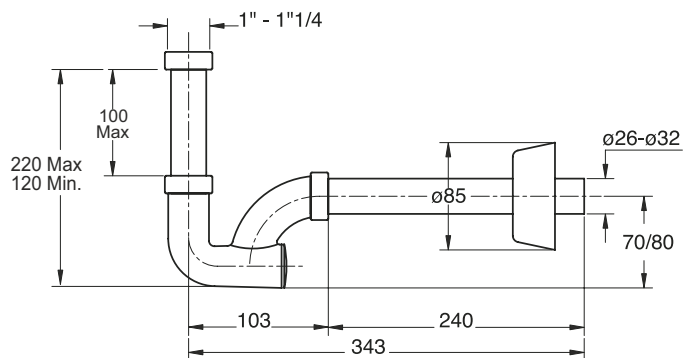

"ESSE" cleanable trap for wash basin and bidet. Threaded nut to be connected with the waste in chrome-plated brass

Application: For bidet or washbasin

Material: ABS + brass

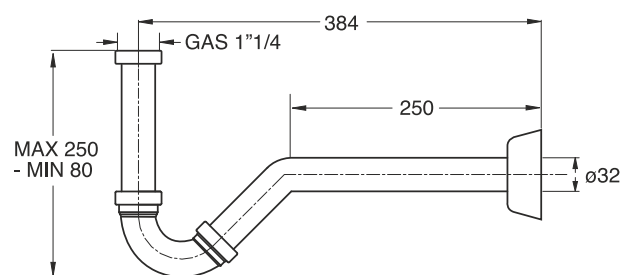

Color: Chromed plated

Code	Description	Carton	Pallet	Volume
03600T25K7	Waste connection 1", outlet pipe $\varnothing$ 26x250 mm	25	800	0,063
03700T25K7	Waste connection 1 1/4", outlet pipe $\varnothing$ 32x250 mm	25	800	0,063

"KAPPA" cleanable trap for washbasin and bidet
Threaded nut to be connected with the waste in chrome-plated brass
Application: For bidet or washbasin
Material: ABS+brass
Color: Chromed plated

EXTRA LUNGO
180 mm**

**New
PRODUCT**

Determine the extent of the total thickness between the upper edge of the drain and the lower surface of the shelf. Mark the measurement H1.

Add 30mm to size (H1) taken to find the maximum length of the drain, which is the height at which to cut the excess thread.

If necessary, make one or more holes for the passage of water from overflow.

Normal Version

Version with venting valve "AIRPIPE"

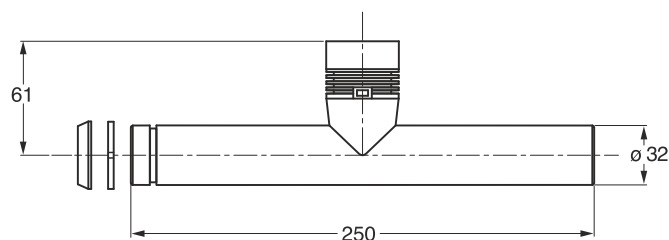

AIRPIPE, venting valve $\varnothing 32 \times 200$ mm

Application: to connect to the siphon

Material: ABS

Color: Chromed plated

SINK

CANESTRO

FLEXIBILITY & EXTENSIBILITY

The connection pipe, stamped in one piece only, is flexible and extensible, and allows to solve any problem of lack of inclination between the waste and the overflow, without the use of any washer or joint.

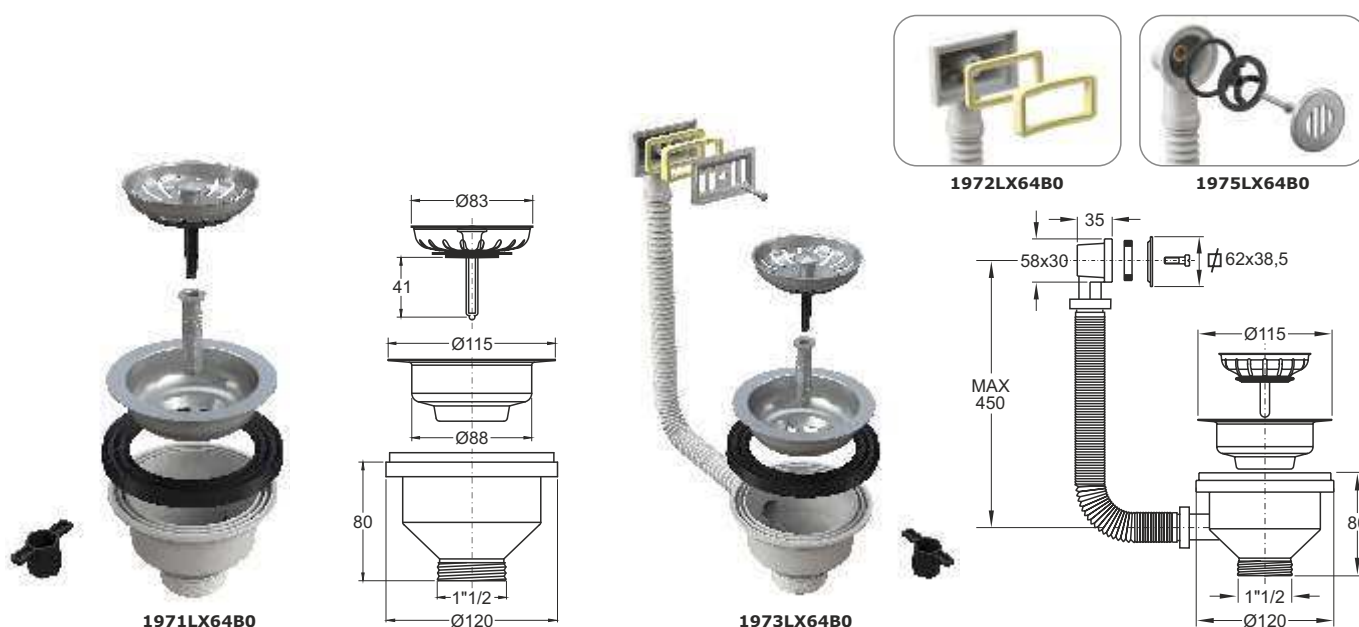

"CANESTRO" drain valve for kitchen sinks Flange $\varnothing$ 3"1/2, Threaded waste 1"1/2, brass bolt

Application: For kitchen sinks with $\varnothing$ 90 mm hole

Material: polypropylene PP + Stainless steel

Color: white

28140T54B0	Metal nut, white outlet pipe	25	1200	0,048

SIFONCELLO is suitable also for the column-wash basins, which have the same problems of poor manual agility.

In fact, the flexible part, once the pipe-fitting has been easily fixed to the outlet of the bidet, remains hidden in the special cavity, while the pipe which enters in the wall, is smooth and elegantly chromium-plated.

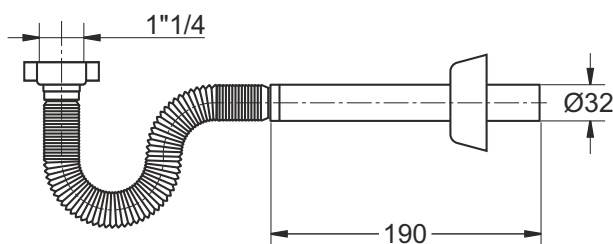

"SIFONCELLO" extensible trap for wash basin and bidet. Waste connection 1"1/4

SPLASH

TRAPPED FLOOR GULLY FOR SHOWER PLATE

"SPLASH" flanged odour trap for shower.

Flanged waste ø 80 mm, in brass

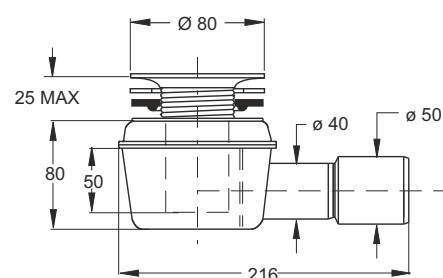

Application: For shower plates with hole ø 60 mm

Material: PEHD + brass

Color: black / chrome-plated

Code	Description	Carton	Pallet	Volume
5480CR80B9	Outlet ø 40-50 mm to weld or to insert	25	750	0,080

"SPLASH" flanged odour trap for shower.

Flanged waste ø 80 mm, in brass

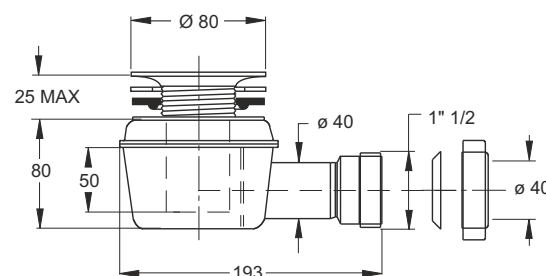

Application: For shower plates with hole ø 60 mm

Material: polypropylene PP + brass

Color: black / chrome-plated

Code	Description	Carton	Pallet	Volume
5490CR80B0	Threaded outlet 1" 1/2	25	750	0,080

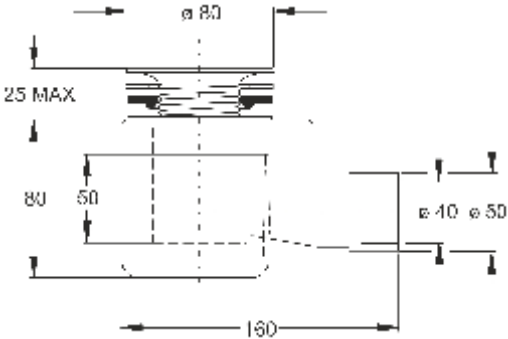

"SPLASH" flanged odour trap for shower

Flanged waste $\varnothing$ 80 mm, in brass

Application: For shower plates with hole $\varnothing$ 60 mm

Material: PVC + brass

Color: grey / chrome-plated

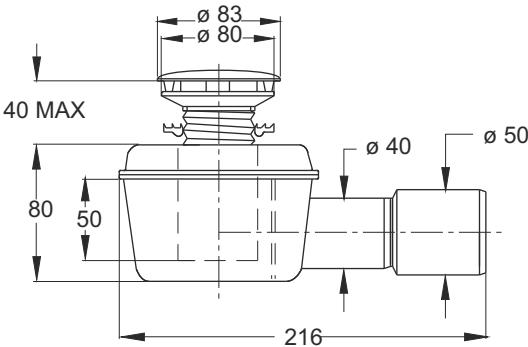

"SPLASH" flanged odour trap for shower

Flanged waste $\varnothing$ 80 mm, chrome-plated cover

Application: For shower plates with hole $\varnothing$ 60 mm

Material: PEHD + ABS

Color: black / chrome-plated

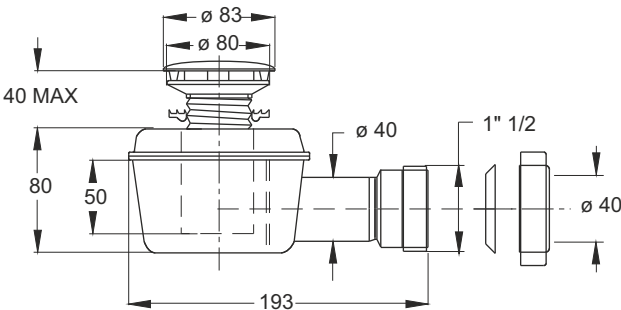

"SPLASH" flanged odour trap for shower

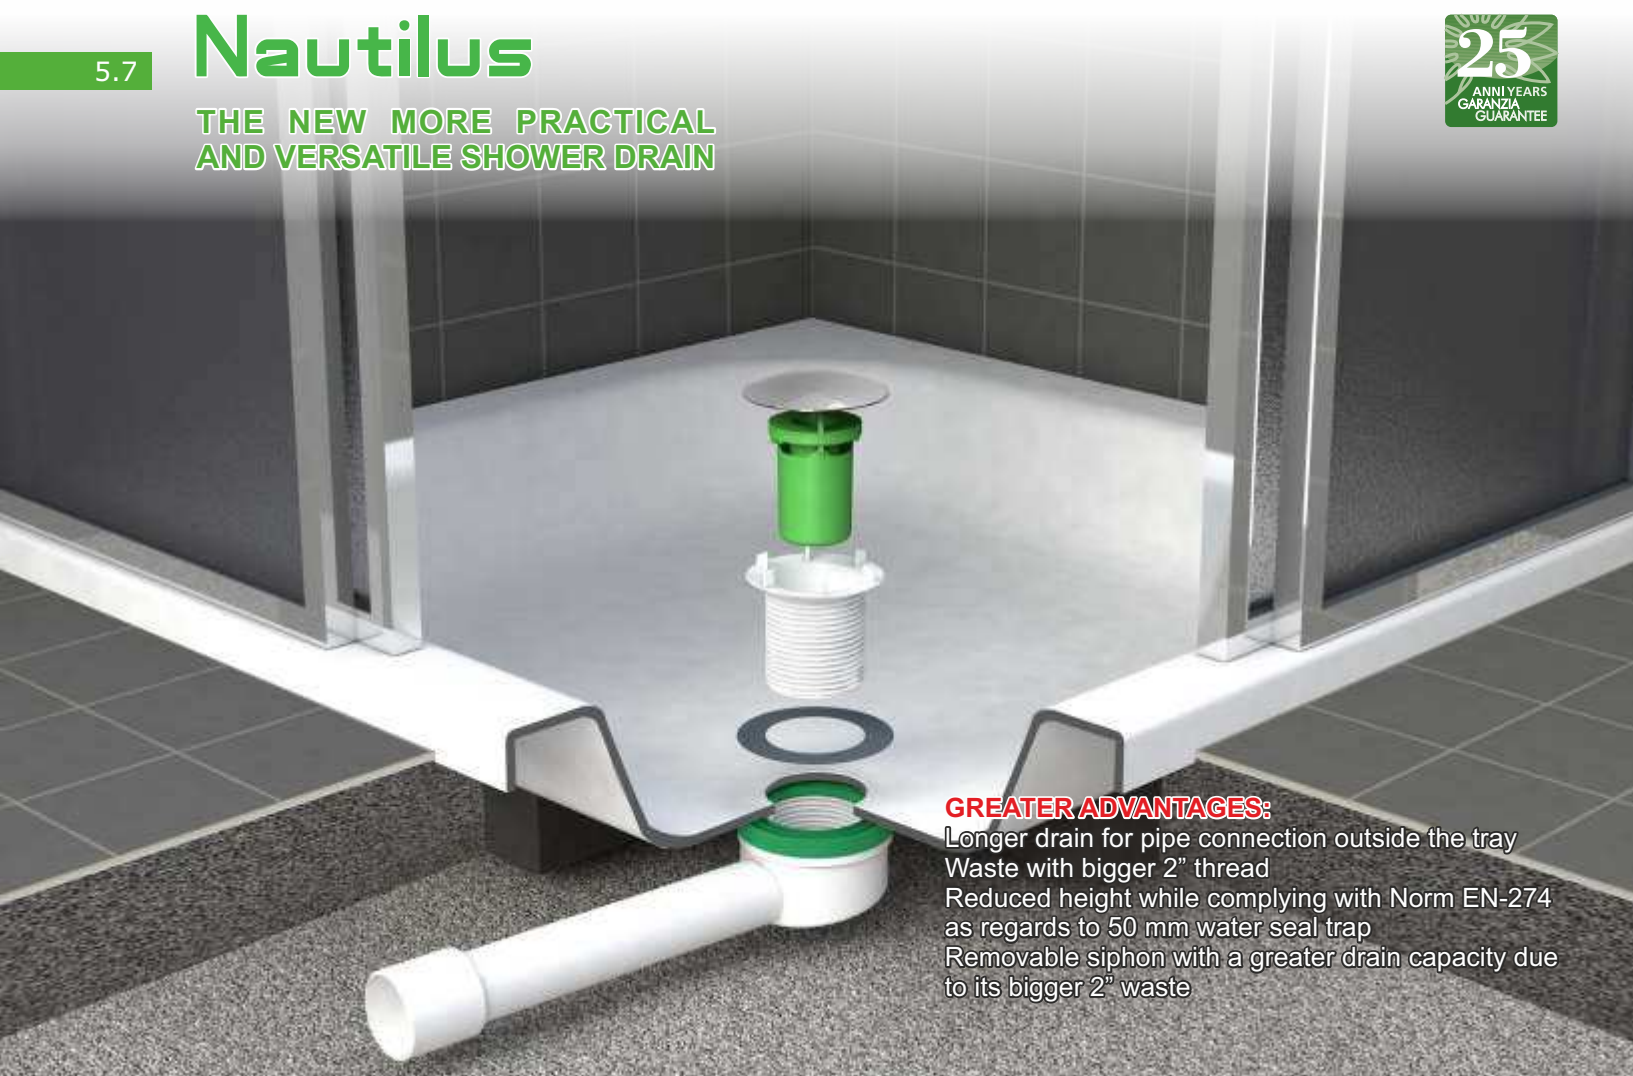

Flanged waste $\varnothing$ 80 mm, chrome-plated cover

Application: For shower plates with hole $\varnothing$ 60 mm

Material: polypropylene PP + ABS

Color: white / chrome-plated

GREATER ADVANTAGES:

Longer drain for pipe connection outside the tray
Waste with bigger 2" thread
Reduced height while complying with Norm EN-274 as regards to 50 mm water seal trap
Removable siphon with a greater drain capacity due to its bigger 2" waste

"NAUTILUS" extended shower tray waste With removable siphon compliant to EN-274, height reduced to 64 mm, stainless steel dome $\varnothing$ 83 mm

Application: For shower plates with hole $\varnothing$ 60 mm

Material: polypropylene PP + Stainless steel

Color: white / chrome-plated

Code	Description	Carton	Pallet	Volume
5780CR80B0	Extended drainpipe $\varnothing$ 40-50 mm	25	750	0,080

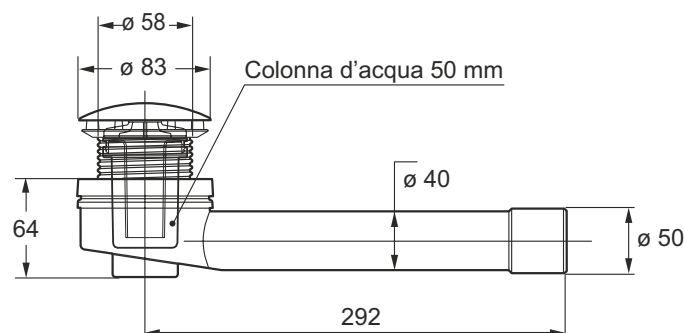

Extended drainpipe for connection outside the tray

Stainless steel dome

Fully removable and dismountable siphon

Extremely reduced height: only 64 mm below the shower tray compliant to EN-274: 50 mm water seal trap

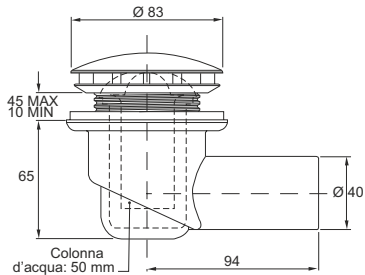

"FRANCESINO" shower tray drainWith removable siphon according to EN-274, height reduced to 65 mm, Cover in chrome-plated ABS ø 83 mm

Application: For shower plates with hole ø 60 mm

Material: polypropylene PP + ABS

Color: grey / chrome-plated

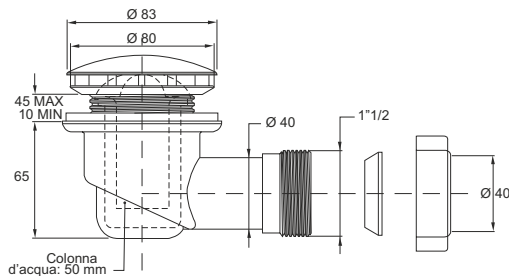

Code	Description	Carton	Pallet	Volume
5880CR80B2	Outlet ø 40 mm	25	1200	0,048

"FRANCESINO" shower tray drainWith removable siphon according to EN-274, height reduced to 65 mm, Cover in chrome-plated ABS ø 83 mm

FLOOR DRAIN

Canalissima is aimed to the designers and to everybody who are going to realize a bathroom in line with the modern styles, with minimal but elegant design, and at the same time functional and technically avant-garde.

THE TECHNIQUE

The visible parts, frame and cover of the Canalissima, are made in stainless steel, while the body of the floor conduit, the siphon and the outlet waste are made in plastic.

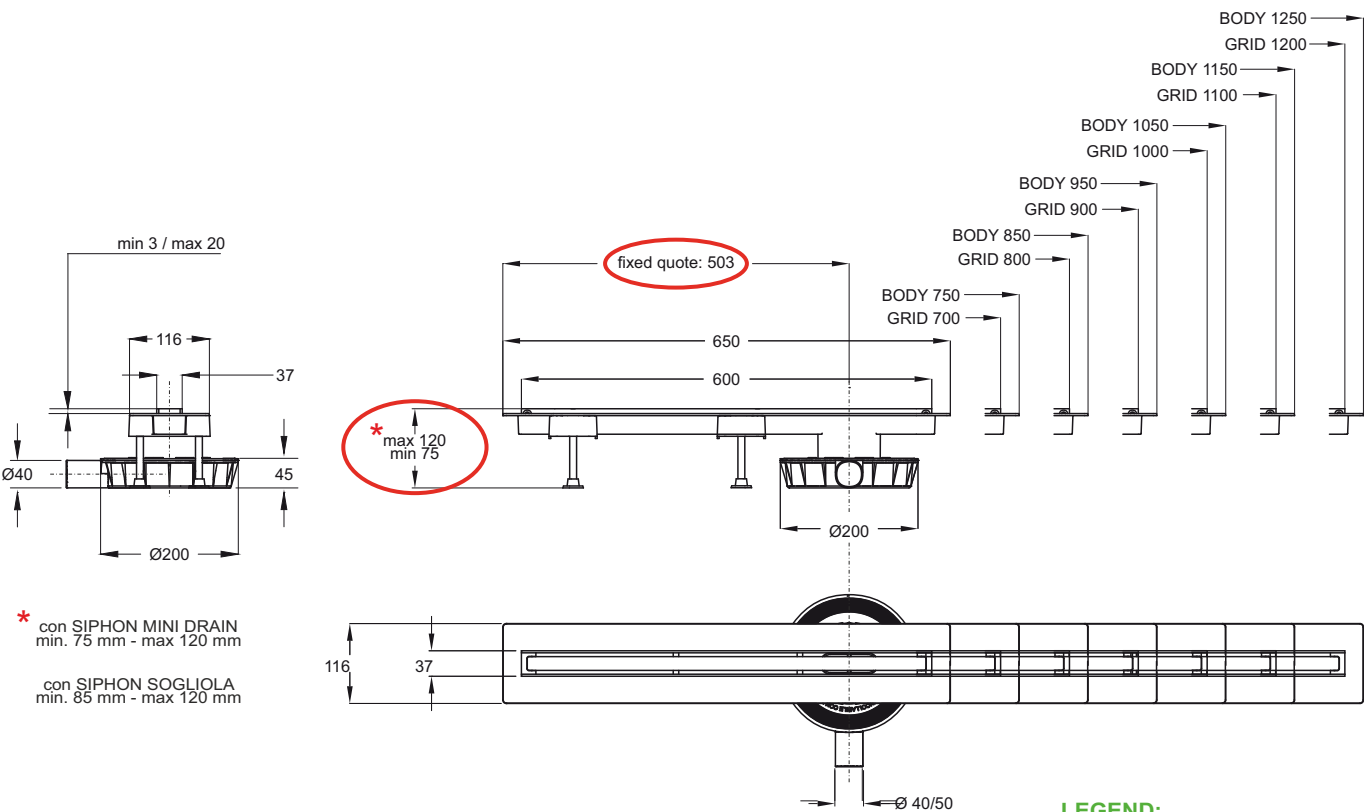

The body of the floor conduit has a perimeter flange with a glued waterproofing sheet; could place more sheets during the installation in order to obtain a complete and safe proofing, and easy realization.

In addition the waste has a PVC disk, on which directly glue a waterproofing sheet in PVC; in this way the level of proofing is made under the insoil, or just to allow a double waterproofing ; both under the tiles and under the insoil.

The special feet adjustable in height, make easy the leveling of the product during its installation.

Canalissima is one of the thinnest floor conduit currently available in the market, and this feature gives the product an elegant design.

The water capacity of the Bonomini products is tested on a certified test desk.

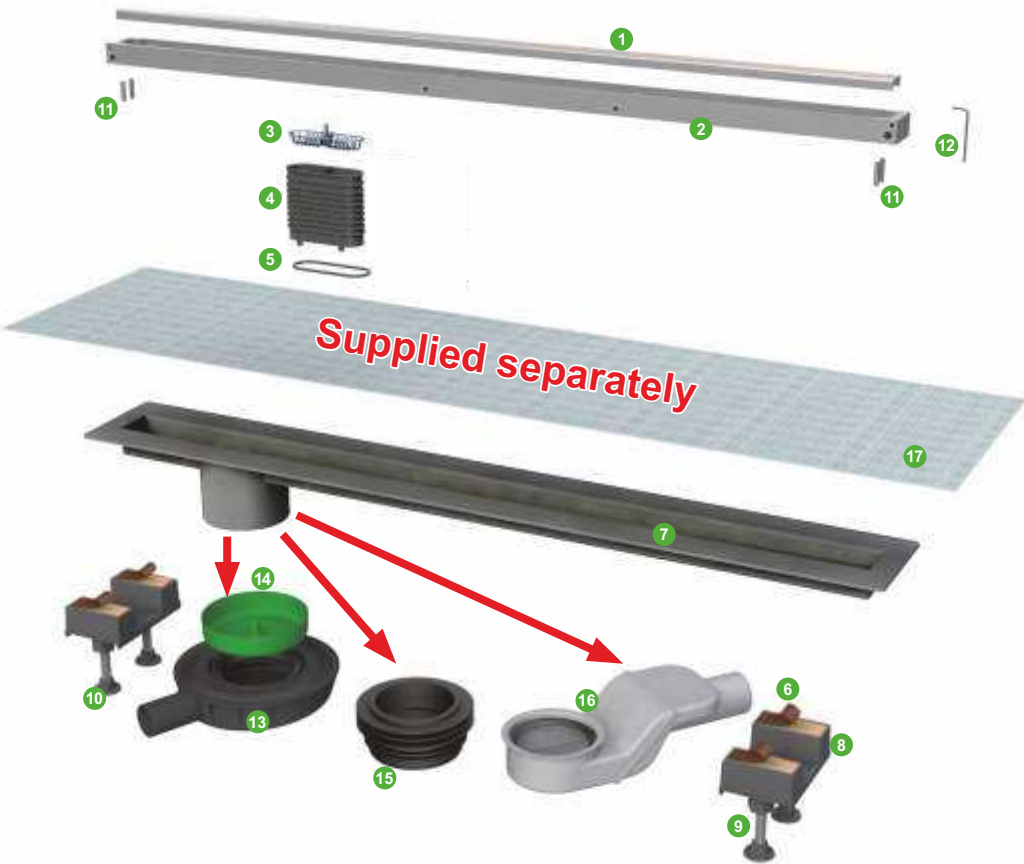

* con SIPHON MINI DRAIN
min. 75 mm - max 120 mm
con SIPHON SOGLIOLA
min. 85 mm - max 120 mm

LEGEND:

Supplied separately

CAMOUFLAGED DRAIN

Double Face grid mounted with the tile glued to the inside of the grid. The drain is almost INVISIBLE.

Rotating the Double Face grid side to change the aesthetic effect.

In this view Double Face grid's polished aluminium side is mounted.

The particular section "U" of the cover allows the tiling. Thus the esthetic result obtained, is surprising in that the discharge point of the shower is completely camouflaged in the floor of the bathroom.

The component parts of the CANALISSIMA modular system are such as to make possible any solution, thereby giving free rein to the creativity of architects and designers. Furthermore, the possibility of creating a "square" channel, like that shown above in the illustration, permits eliminating the need for drainage gradients!

PMMA TRANSPARENT

After verifying the surface cleaning, possibly using specific detergent, glue the component (or components) with the end of the channel / and apply suitable amount of adhesive specific for ABS, for example TANGIT XY, on the free end of the channel / s. This must be done by a professional and experienced.

After you have paired the elements to be glued, use bench clamps to maintain a suitable pressure on the areas of bonding as illustrated in figure. Keep the clamps until the complete drying of the adhesive according to the glue manufacturer. This is important to obtain a properly aligned assembly of the various components, especially in the case of very long sections of several channels.

6338IM40S2

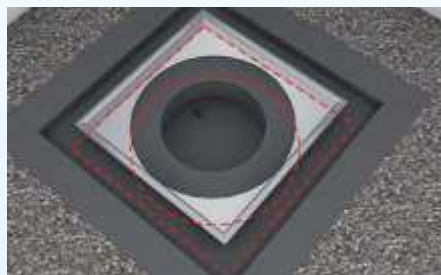

6338IM50S2

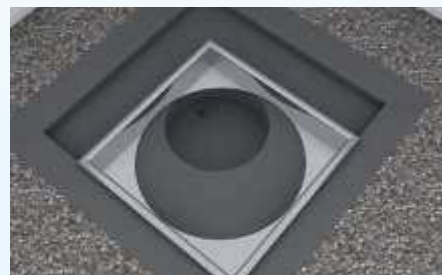

Detail of the layered section, shows the position of the different used materials. Let's make attention how the metallic grid is putted into the hose tray (MANICHETTA VASSOIO), so to allow the thickness of the grid to the reaching perfectly to the level of finished floor. Particular the presence of the squared expanded polyester (yellow in the picture), for the filling of surrounding area of the grid. It works also as a protection during construction

Notice the possibility to regulate the position of the grid with the lines of the tiles. It is possible to insert grids from 10x10 mm up to 20x20 mm. The perimetric frame provides the fixing surface for the waterproofing made by sheats or by the chemical resins, directly under the tile.

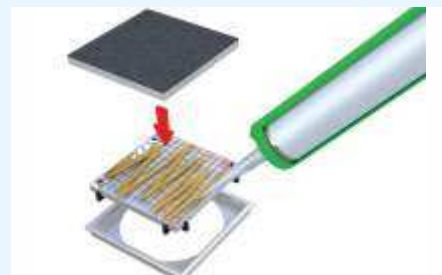

ATTENTION: While positioning the grid, avoid with care to obstruct the hole of the hose tray, in order to pull out easily the special silicone rubber siphon of Bonomini production.

Cover mounted with visible glossy surface

Rotating the DOUBLE-FACE cover to lay the tile

Apply the cement adhesive inside the grid and lay the tile appropriately cut to size

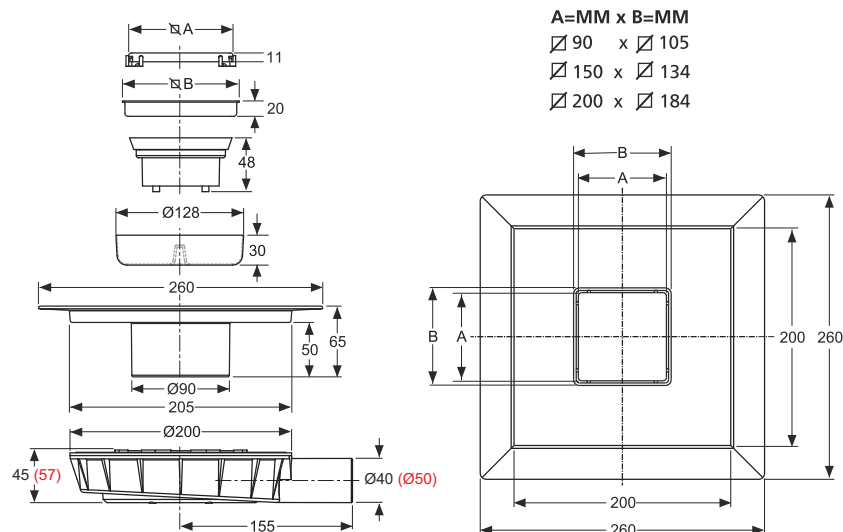

"VASSOIO" vertical floor drain with tileable grid.

Tileable "DOUBLE-FACE" grid with special flange for under-the-tile waterproofing, wet odour trap version

Application: For indoor applications with thin slabs

Material: ABS + stainless steel

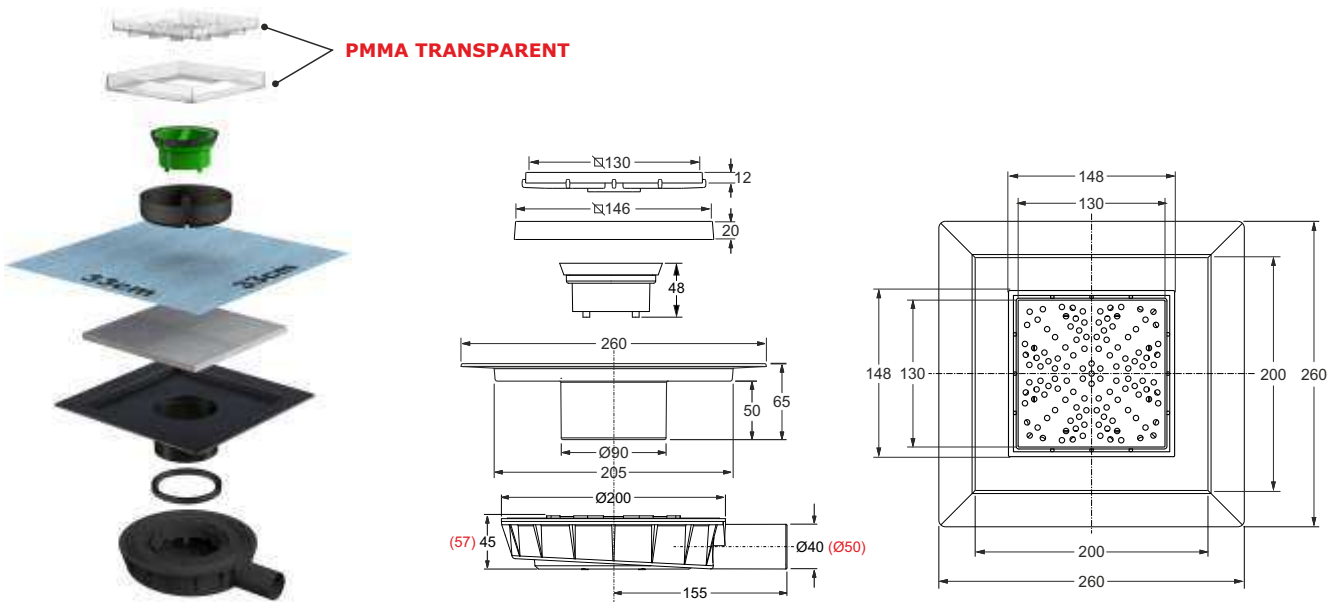

Color: black / metal

"VASSOIO" ultra low floor drain with tileable grid.
Tileable and unreversible standard grid with
special flange for under-the-tile waterproofing, wet
odour trap version

Application: For indoor applications with thin slabs
Material: PMMA + ABS
Color: black + transparent

69150CK15S7	Outlet $\varnothing$ 32 mm internal, $\varnothing$ 40 mm external	1	N.A.	N.A.

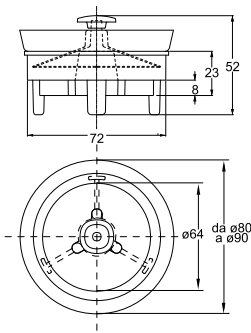

Non-return valve N.R.V. in open position, with water flow. The membrane of the valve has a really high sensibility that allows even the minimum water flow. In addition the discharge is higher compared to a traditional siphon. This device allows to reduce the vertical size of the siphons, that can be installed in thin slab, where on the other side a specific siphon should have a limited height of the water column, with the consequent risk to dry too fast and allow the return of the bad smells.

Non-return valve N.R.V. in close position, with no water flow. The perfect adherence of the membrane of the valve to the walls of the discharge stops the return of bad smells into the house. Suitable for all the floor outlet hoses of Bonomini srl, with inlet $\varnothing 90$ mm. Easy to remove for the maintenance of the waste. It can be also used as a fishing device into the water basin of a siphon (for example VULCANO of Bonomini srl), so to create a double block to the smells: both mechanical and hydraulic. In this case it is important to pay attention to insert the valve over to the water level of the siphon, so to avoid to drown the valve. In addition take into consideration a consequent limited reduction of the flow rate.

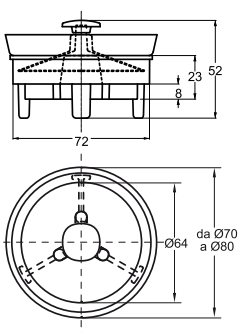

"NRV" sylicon mechanical anti-smell non-return-valve. Universal retro-fit version
Application: To stop bad smells
Material: ABS + sylicon
Color: black / green / white

9002PP40C3	Hole ø 40 mm	25 mt	1600	0,160

... FINO A 3 VOLTE ALLUNGABILE!

"BISMAGIKA®" è normalmente saldabile con un termofusore per tubi in PEHD. Potrete quindi effettuare giunzioni di più rotoli in caso di condutture molto lunghe oppure recuperare tutti gli spezzoni saldandoli fra di loro.

"BISMAGIKA®" è realizzato in PP autestingente, altamente resistente allo schiacciamento, agli urti contro oggetti spigolosi e alle abrasioni. Inoltre mantiene nel tempo tutte le sue caratteristiche fisiche e meccaniche, anche alle basse temperature.

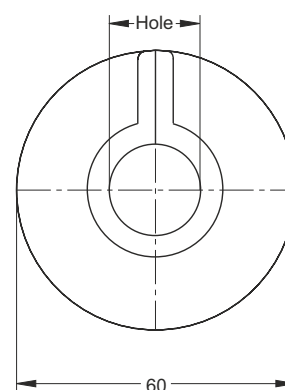

A differenza quindi del PVC plastificato (ammorbidito) il quale subisce nel tempo un processo di invecchiamento dovuto alla degradazione ed al rilascio degli agenti plastificanti (ammorbidenti). Tale fenomeno può arrivare a provocare la fessurazione dei manufatti in PVC plastificato.

"VELOX" opening rosette for radiators, with snap closing

Application: For radiators

Material: polypropylene PP

Color: white

TC0392	For traditional drains

Plate for "COMPACT".

Application: aesthetic function

Material: ABS

Color: chrome-plated / white

Code	Description
RS0190	White
RS0189	Chrome-plated
RS0738	White 150 x 80 x 5
RS0739	Chrome-plated 150 x 80 x 5

Clip for extensible siphons ø 32/40 mm.

Application: for "MAGIKONE"

Material: polypropylene PP

Color: white / black / chrome-plated

Code	Description
FR4040	White
FR4140	Chrome-plated
FR4340	Black

Obstructor plug

For siphon "SPACE".

Application: to close the water passage

Material: polypropylene PP

Color: green

Code	Description
TC0693	1"1/2

Hose nozzle

For siphon "SPACE".

Application: to connect appliances inlet

Material: polypropylene PP

Color: green

Code	Description
AL0428	Connection ø 40 mm

Threaded cap. 1"1/2

Application: To avoid leakage

Material: polypropylene PP

Colour: white

Code	Description
TP3099	Universal

Flanged plastic pipe

Application: for connection to the siphon

Material: polypropylene PP

Colour: white

Code	Description
CN0943	ø 32 mm x 200 mm
CN0944	ø 40 mm x 200 mm

Smooth plastic pipe

Application: for connection to the siphon

Material: polypropylene PP

Colour: white

Code	Description
CN1320	ø 32 mm x 200 mm
CN1322	ø 40 mm x 200 mm

Kit for "CANALISSIMA". Including: screws, fishing device, filter, o-ring and allen key

Application: spare parts for "CANALISSIMA"

Code	Description
6825RIC01	For all models

Kit for "TAPPATUTTO". Including: spacers, fittings and clips.

Application: spare parts for "TAPPATUTTO"

Code	Description
0831RIC01	For 0831...

Kit for "TAPPATUTTO". Including: spacers, fittings and clips.

Application: spare parts for "TAPPATUTTO"

Code	Description
0832RIC01	For 0832...

Kit for "TAPPAGUASTI". Including: umbrella gasket, mechanism and spacers.

Application: spare parts for "TAPPAGUASTI"

Code	Description
0847RIC01	For all models

Kit for "TAPPARELLO". Including: spacer rings, mechanism and allen key

Application: spare parts for "TAPPARELLO"

Code	Description
0820RIC01	For all models

Flanged elbow

Application: for connection to the siphon

Material: polypropylene PP

Colour: white

Code	Description
CU0082	ø 32 mm x 135 mm
CU0083	ø 40 mm x 230 mm

Water container

Application: for MINI-DRAIN /MIDI-DRAIN

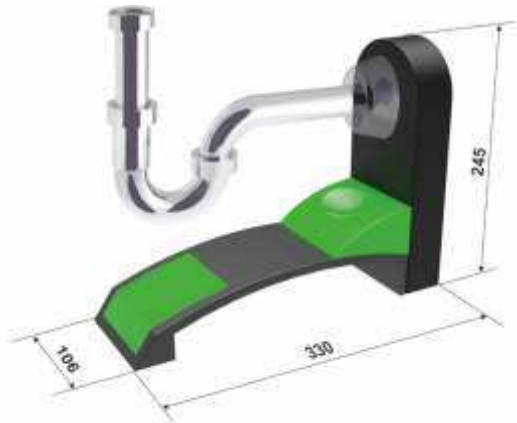

Material: silicone

Colour: green

Code	Description
RC4515	Lower version
RC4581	Taller version

Exhibitor for siphons
Material: ABS
Color: grey / green

Code	Description
ESP-2486S	Exhibitor for siphons with ø 26 mm outlet
ESP-2460S	Exhibitor for siphons with ø 32 mm outlet
ESP-2461S	Exhibitor for siphons with ø 40 mm outlet

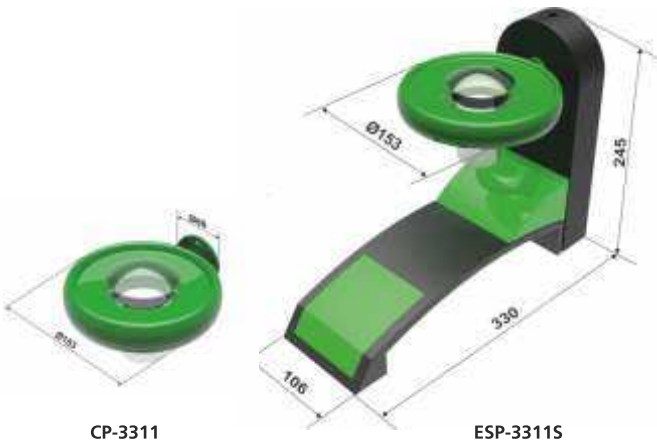

N.B.: Exhibitors are provided without the products shown in the picture

Exhibitor for TAPPARELLO
Material: ABS
Color: grey

Code	Description
ESP-2394S	Exhibitor for TAPPARELLO

Exhibitor for drainage
Material: ABS
Color: grey / green

Code	Description
ESP-3311S	Exhibitor for drains for table
CP3311	Exhibitor for drains for wall

N.B.: Exhibitors are provided without the products shown in the picture

Exhibitor
Material: printed cardboard

Code	Description
ESP-2545S	Dispenser for TAPPARELLO

Exhibitor for tub columns

Material: ABS

Color: grey

Code	Description
ESP-300S	Exhibitor for tub columns

N.B.: Exhibitors are provided without the products shown in the picture

Exhibitor for CANALISSIMA

Material: plexiglass

Color: white / black

Code	Description
ESP-3855	Exhibitor for CANALISSIMA

Exhibitor for washing machine siphons

Material: ABS

Color: grey

Code	Description
ESP-2572S	Exhibitor for washing machine siphons
ESP-2571S	Exhibitor for washing machine siphons

N.B.: Exhibitors are provided without the products shown in the picture

Exhibitor for MICRA

Material: printed cardboard

Code	Description
ESP-0593	Exhibitor for MICRA

«Imitare le qualità e le caratteristiche altrui
è molto più vergognoso del portare abiti altrui:
perché è il giudizio della propria nullità espresso da se stessi.»

(Arthur Schopenhauer)
